

Empowering Canadians to stay safe in a digital world.

TELUS Wise® is a free digital literacy education program that helps Canadians of all ages have a positive experience as digital citizens. Workshops and resources cover topics, including protecting your online security, privacy and reputation, rising above cyberbullying and using technology responsibly.

Workshops for youth

- **TELUS Wise footprint** for elementary school students is designed to help young people learn how to be good digital citizens and keep their digital footprint clean.
- **TELUS Wise in control** engages middle school and junior high students in a discussion about cyberbullying, identity theft, and protecting and positively growing their online reputation.
- **TELUS Wise impact** engages middle school and junior high students in a conversation around cyberbullying, helping them explore different options for safe and appropriate ways to intervene when they witness cruel behaviour online.
- **TELUS Wise happiness** engages teen students in a conversation about building and maintaining a healthy relationship with technology and offers tips on ensuring resiliency and well-being in our connected world.

Workshops for adults

- **TELUS Wise for adults**
 - **Supporting youth in our digital world** is designed for adults and parents, and focuses on topics such as screen time, gaming, sexting, cyberbullying and more.
 - **Empowering you to stay safe** in our digital world focuses on topics including living in a digital society, and internet, smartphone and social media safety.
- **TELUS Wise seniors** engages seniors in a discussion about getting the most of participating in our growing digital society, safely.

TELUS Wise workshops are available online and can be completed individually, or educators can share them with students in a classroom setting. Access online workshops at telus.com/WiseNACC.
